BARGYLUS® GRAND VIN DE SYRIE

The domain Bargylus is located on the edge of the Bargylus mountain chain in Latakia by the Mediterranean.

Vines were already grown there 3000 years ago.

The vineyards gain their originality from the chalk and clay in the 900 meter-high ground that creates a perfect balance of day and night temperatures.

The whole climate is supported by the influences of the western sea,
thus lending the wines a wonderful mineral-content and personality.
