GROUP MENU'S

WE BUY LOCAL

Because we like to cook with our friends, we make sure we know the people we buy from because they too, live and work nearby. All of our vendors have their hands in their craft and share the same passion for great food, wine, beer and personalized service!

OUR INSPIRATION

Our menu creations reflect the ever increasing abundance of freshness that British Columbia's west coast has to offer. With craft beer from some of Victoria's finest micro breweries, and a wine list featuring both BC and globally inspired wine, Steamship Grill & Bar aims to satisfy even the most discerning of palates.
