*noun*

noun: **wine**; plural noun: **wines**

1. an alcoholic drink made from  
fermented grape juice.

# The Wine Pairing

Alessia, Hannah, Harry and Peter in collaboration with our kitchen team have created a unique wine pairing to accompany your menu.

The interaction between food and wine can alter our perception of taste. Our wine pairing selections take advantage of this effect to enhance your experience of both food and wine.

We believe the most effective wine pairings will balance, harmonise or amplify the flavours of the dishes and the characteristics of the wine, adding an extra dimension to your dining experience.

The wine pairing gives you the chance to explore a range of fascinating wines from around the world if you are feeling either adventurous or indecisive!

Each course will be served with a 70ml or a 50ml measure of wine, except for your main course which will be served with a larger 125ml measure.
