WELCOME HOME

After weeks of having to close our doors we are thrilled to be able to be welcoming you again! We would like to thank all those that have helped us through this difficult period.

As you may know, we may open under a few bound conditions. We would like to ask you for your understanding and cooperation in regards to new regulations. For us, it is of vital importance that we control the virus together in order to avoid a second "Lockdown" period.

During this phase in which we are reopening, some of our regular procedures are adjusted. Nonetheless, we aim to never lose our identity to achieve the ultimate "Feeling of Central" for which you know us for.

Unfortunately, joining friends at a different table is currently not allowed. Our goal is to utilise the space to its maximum capacity.

The "1.5 meter Society" is a given, also within Central. Our furniture is set up for you accordingly. When you are seated at the table, we would like to request your active collaboration to maintain the 1.5 meter. Please take extra care of your children, as the same rule applies to them. We have colouring tools available for them.

Please minimise the use of our restrooms. Only one person may be present in the restroom at once. Please give extra attention to your personal hygiene.

The above mentioned feel uncomfortable to us. It may even feel it restricts us in providing the hospitality we would like to offer. We cherish to be able to get through this phase. Soon we will be able to furnish you with the ultimate Feeling of Central.

Appreciate the things we have and stay safe!

Team Central
